

IST522 Calendar—Instructional Design

This calendar defines the workload for this course. A week is defined as Wednesday to Tuesday. Assignments will be released on Wednesday of each week and all work is due by 11:59 p.m. on the following Tuesday OR on the designated date (check calendar). Our textbooks will be *Rapid Instructional Design* (3d edition), by George M. Piskurich (GMP) and *Telling Ain't Training* (2d edition), by Harold D. Stolovitch & Erica J. Keeps (S&K). You'll find textbook and other reading assignments under "Readings" in the table below. Individual assignments are listed under "Individual Assignments" Team assignments are listed in the last column of the table. Quizzes and full details for the individual assignments, projects, etc. will be available through the LMS. I will make adjustments to this calendar or add short readings, as needed.
